Steve, these are the figures that Kerry provided Joe Poetter and I for our request to headquarters. Are you saying that you can accomplish the water treatment without the piping and other costs? Probably not and that's why we included in the water treatment cost figures. You wouldn't have to do the piping, etc. if you were just stabilizing the site. - lw

PS. could you call me please (720-446-6442) regarding Craig's request for \$635K?
Thanks, lw

Based on the email traffic, I've made the following suggested changes. Please reply to all on this message with your input. Thank you!

Q1: Where would this be placed?

Deliberative Process/Ex. 5

Q2: How much would the apparatus cost?

Deliberative Process/Ex. 5

Q3: Where will the money for this plant come from?

Deliberative Process/Ex. 5

Q4: Will the plant be permanent or temporary?

Deliberative Process/Ex. 5

Hi Richard and Lisa,

We (OSRTI) received the following media inquiry through the EOC PIO and are working to provide answers. We would like R8 input/review into our proposed responses, below. It appears from the email chain that the JIC and Area Command weighed in initially. We will work with OSWER and EOC PIO to respond once we hear back from R8.

Please let me know if you have any questions.

Thanks

Melissa

Good afternoon OSWER Team,

Below is a media inquiry and draft responses (in blue below) prepared by the JIC with input from Area Command. It's in regards to the commercial water treatment facility to be installed ahead of winter. Please review and add input as necessary. Due date: unspecified, reporter has been requesting for a few weeks now.

Thank you.
